

Separator 8001

For a vertical subdividing. Offers safe stability due to its wide foot design, also when used with thick cables or hoses.

Spacer* 6005.XX

Separators can be fixed in position by spacers. The available interior height is reduced by 2 mm per spacer (4 mm when spacers are fitted on both sides). To avoid this, the parts can also be installed from the outside on the opening crossbar. (not for long travel applications). **XX = width of the spacer** (please choose between 10, 15, 20 mm).

Modular E4 shelving system for Series 800

- Secure guide even for large cables
- Easy assembly
- Robust, also for large cable diameters
- Modular
- Widths from 50 - 600 mm
