ECATALOGSOLUTIONS –
THE INTEGRATED SOLUTION FOR
PRINT CATALOGS

About us:

Hansjörg B. Gutensohn
CEO
asim GmbH

Andreas Höfig
Cadenas GmbH

Requirements

- **Product information must be available in an instant**
- **The customer should have easy access**
- **Little effort for data maintenance**
- **Customer loyalty should be increased**
- **Information must be correct**
- **Information should be complete**
- **Internal effort should be reduced**

Disadvantage of divided systems for Data maintenance

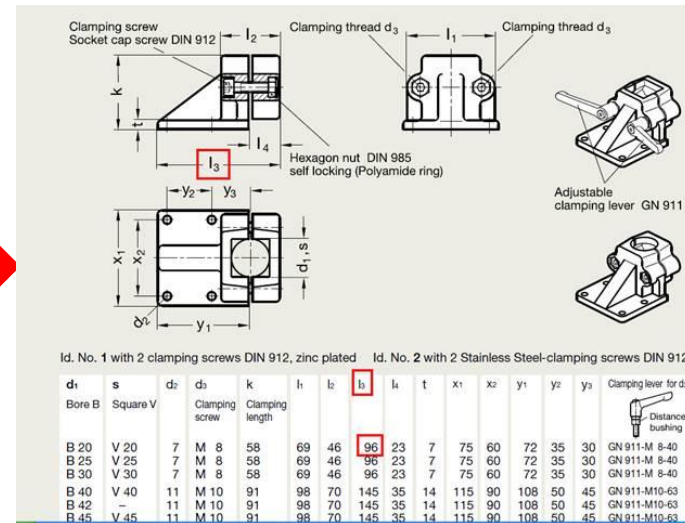

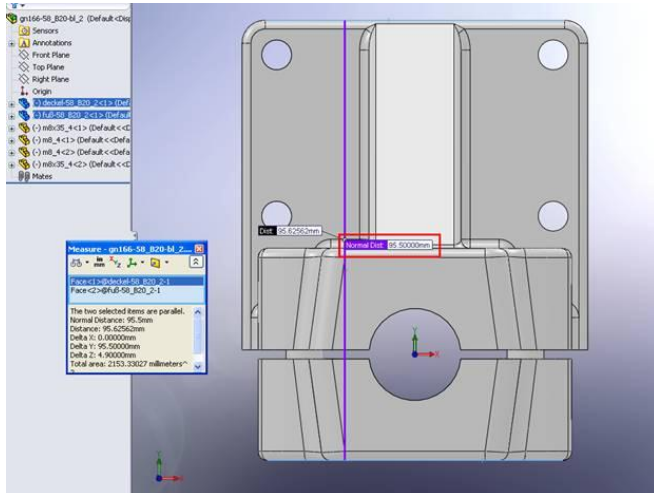

- **Different systems with the same data**
- **Multiple data administration**
- **The responsible persons see only their own data**

- **Print catalog, Internet catalog and 3D are often different**
- **Customer does not know, which data is correct**

- **Result:**
- **Customer is unhappy**
- **Hotline and Sales are busy with these customers**
- **Compensation**

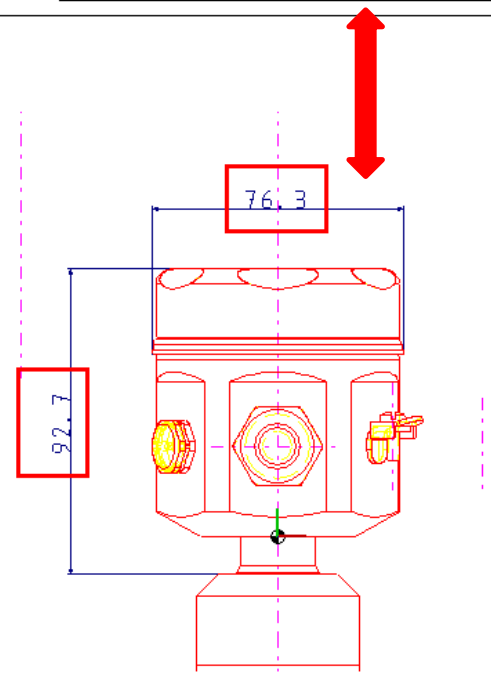

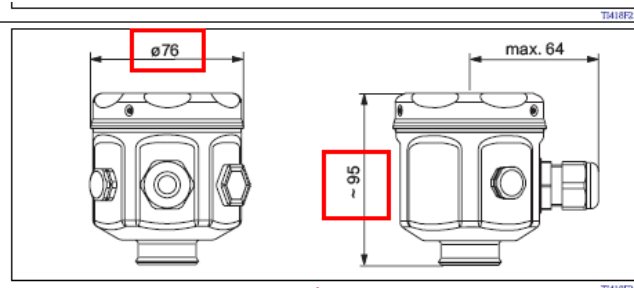

Unterschiedliche Datenstände

- 60% of all catalogs contain different infos in 3D and text

Edelstahlgehäuse F15

Advantage of an integrated catalog solution

eCATALOG
SOLUTIONS

ECATALOGSOLUTIONS –
THE INTEGRATED SOLUTION FOR
PRINT CATALOGS

- **One single source of data**
- **High quality export**
- **Reduced effort for data maintenance**
- **All information in one place**
- **Higher Usability by continuous design**
- **All Media contain the same information**

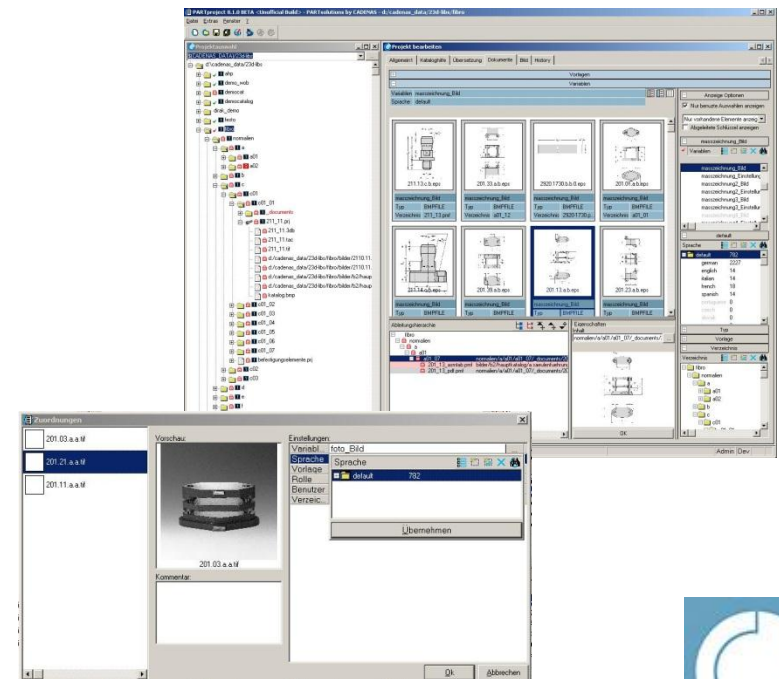

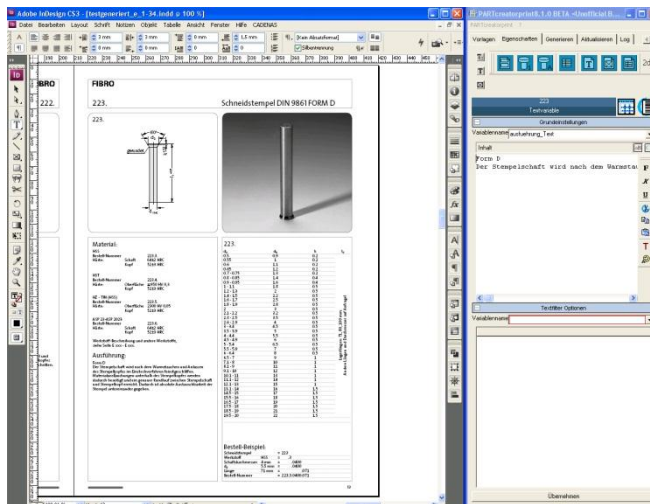

The printing solution until now

eCATALOG
SOLUTIONS

ECATALOGSOLUTIONS –
THE INTEGRATED SOLUTION FOR
PRINT CATALOGS

- **Exists since 2005**
- **More than 20 projects**
- **3D catalogs were enriched in PARTproject**
- **Integration in InDesign**
- **Multiple languages**

The Evolution

2010:

- **New Requirements from the existing users**
- **New Ideas from prospects**
- **New innovative functionality for eCATALOGsolutions**

Result:

- **Enhancement of the existing functionality**
- **Independent and integrated product with own development team**
- **Integration of the newest technology**

&

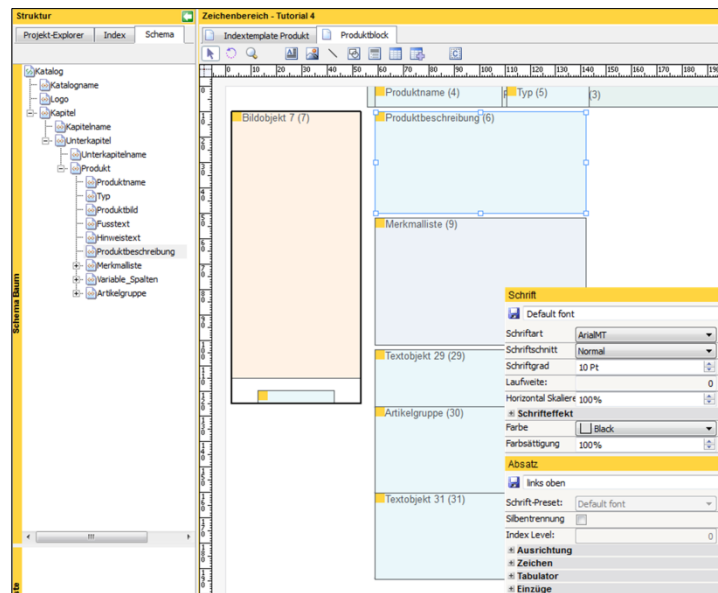

The evolutionary printing solution

eCATALOG
SOLUTIONS

ECATALOGSOLUTIONS –
THE INTEGRATED SOLUTION FOR
PRINT CATALOGS

New:

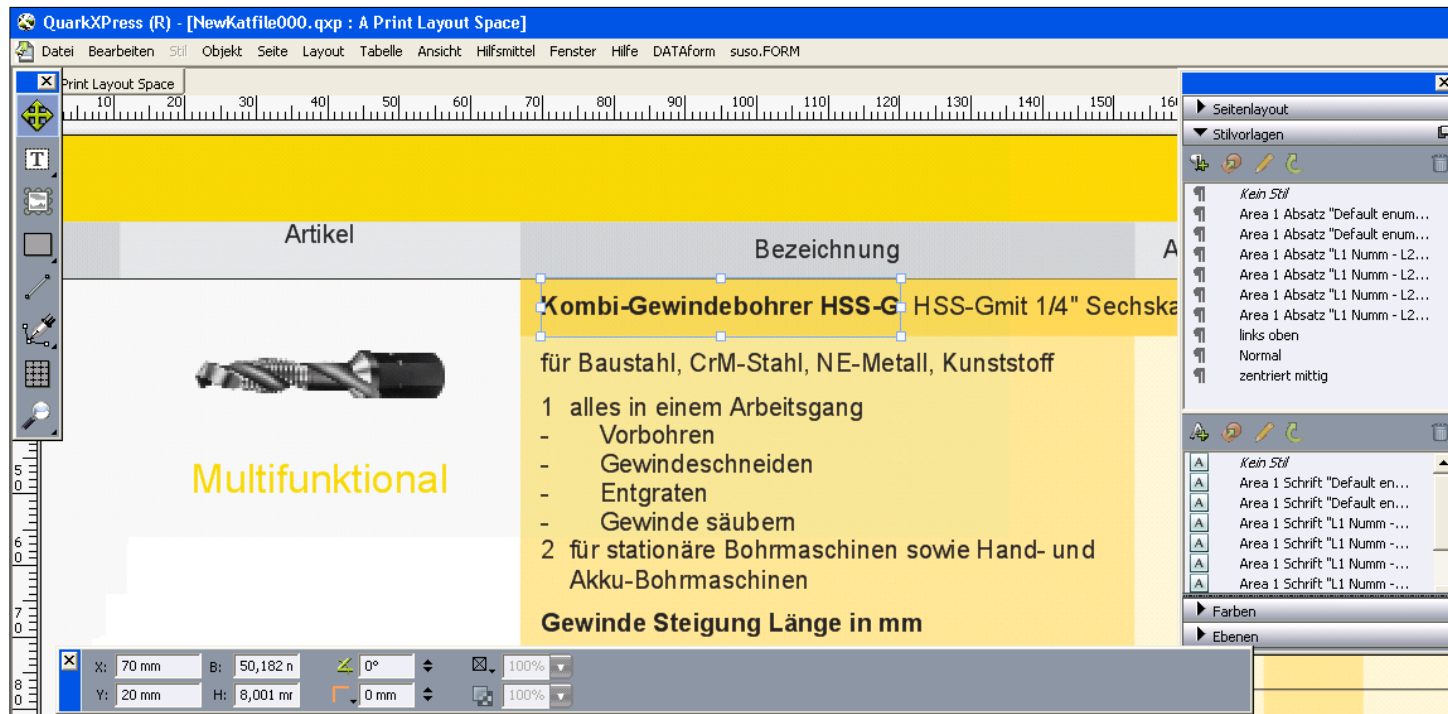

- Easier template generation
- Easy user guidance
- Separation of data and layout

The evolutionary printing solution

New:

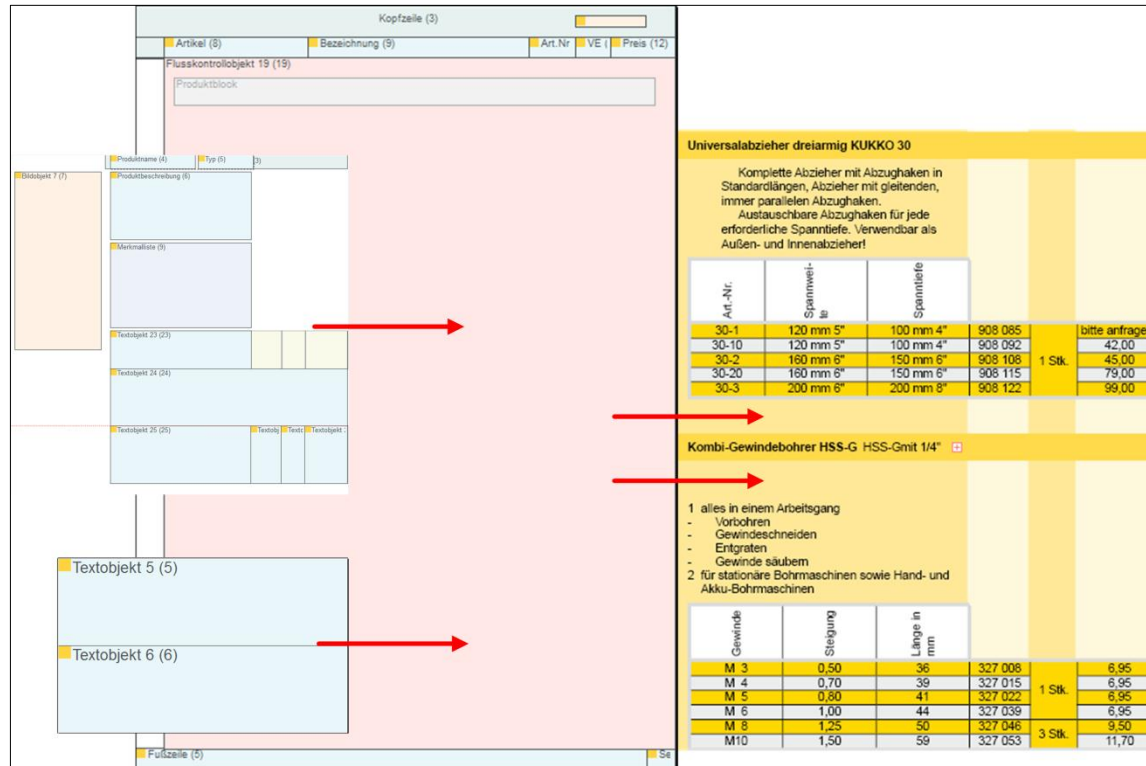

- Available for Quark Xpress

The evolutionary printing solution

New:

- **Modular template generation**
- **Template mapping in PARTproject (planned)**

The evolutionary printing solution

New:

- Export of large catalogs in short time
- Update ability with and without Finishing (planned)

The screenshot displays the eCatalog Solutions software interface. The main window shows a product catalog for 'Analytische HPLC' (Analytical HPLC) with various columns for product details. A dialog box titled 'Update aus ASIM' (Update from ASIM) is open in the foreground, allowing users to select the update scope and language dependency.

Analytische HPLC

LiChroGel® – Analytische Polymer HPLC-Säulen für die GPC

LiChroGel® Hibar® Säulen

Art.-Nr.	Bezeichnung	Bestell-Nr.	Menge	Preis €
150052	Hibar® 250-7 LiChroGel® PS 4 (10 µm) HPLC-Fertigsäule

The evolutionary printing solution

eCATALOG
SOLUTIONS

ECATALOGSOLUTIONS –
THE INTEGRATED SOLUTION FOR
PRINT CATALOGS

If needed:

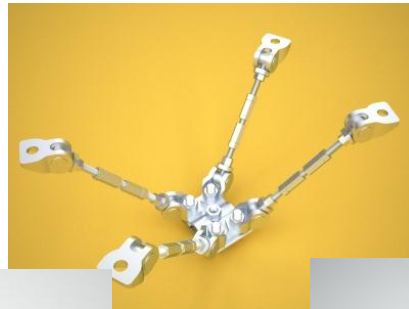

- Complete PIM system
- Data exchange between eCATALOGsolutions and asim base

Spectacular new functionality

New:

- **Fotorealistic pictures direct from eCATALOGsolutions**
- **No more expensive fotoshootings**
- **Automated generation of catalog pictures**
- **Design customizable and consistent**

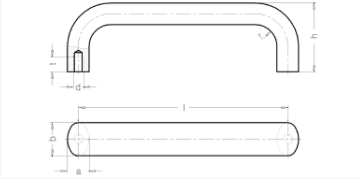

Spectacular new functionality

Neu:

- Integration of 3D Data in PDF catalogs (planned)

DHZ 160 - Normzylinder

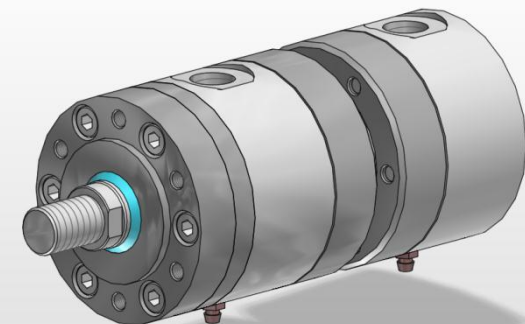

Normzylinder DHZ160

- Maximaler Betriebsdruck 160bar
- Hydraulizylinder nach DIN ISO 6020/1
- Kolbenstangen gehärtet, geschliffen und hartver
- verschiedene Befestigungsarten
- Kolbendurchmesser von Ø25mm bis Ø160mm,
- Großes Zubehörprogramm

Kräfte Tabelle zur Auswahl des Kolbendurchmessers [bar / kN]

Auswahl 1 von 11

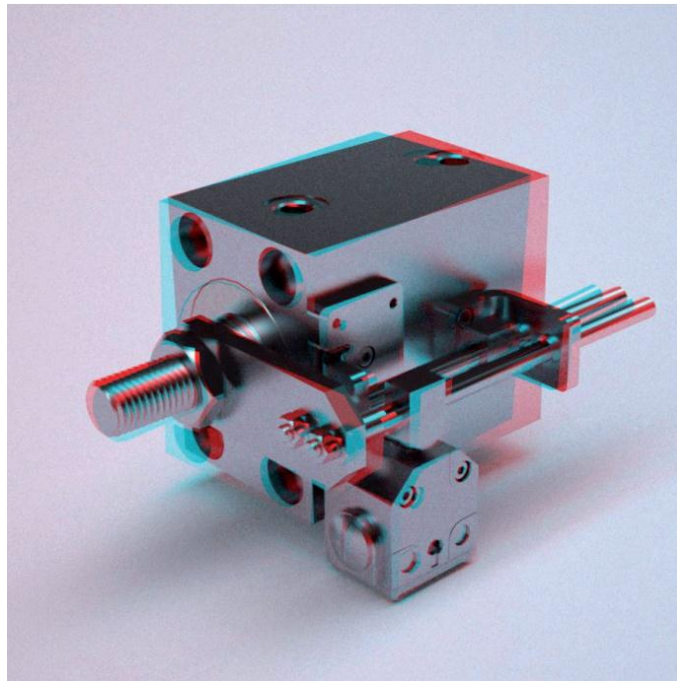

Betriebsdruck	50 bar		80 bar		100 bar		160 bar	
	Fd	Fz	Fd	Fz	Fd	Fz	Fd	Fz
Kolbendurchmesser								
25 mm	1.96	1.35	3.14	2.16	3.93	2.7	6.28	
32 mm	3.22	2.2	5.15	3.52	6.43	4.4	10.29	
40 mm	5.03	3.51	8.04	5.61	10.05	7.01	16.08	
50 mm	7.85	5.39	12.57	8.83	15.71	10.78	25.13	

Spectacular new functionality

Neu:
